

Bad Alley Stage 3

SCENARIO: You just got a flat tire and are kneeling down to set the jack. You have placed your gun in a tool box so you can work the jack. Suddenly you realize that the flat was no accident. Some very bad dudes have set a trap by setting a nail bar in the road. Grab your gun, use your car for cover, defend yourself and watch out for some innocent bystanders.

GUN READY CONDITION: Gun loaded to Division capacity and placed in "tool box: on ground, **magazine inserted, chamber empty**

STAGE PROCEDURE: Start position P1- kneeling (1 knee minimum) between tires on car. Tool box placed on ground in front of shooter, gun muzzle facing safe direction. At signal, retrieve gun, rack slide(muzzle must be down range), engage all targets tactical priority- near to far. Use car for low cover. Popper activates drop turner.
